

Girls Inc. of Lynn Presents

# College Mentoring

Applying for college is **EXCITING!**

It can also be stressful and confusing, but at the College Mentoring Program we'll get it done together.

Join us for **HELP, SUPPORT** and **FUN.**

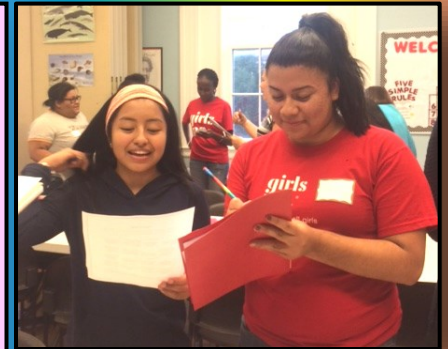

## The PROGRAM

A year-long program that meets weekly in the evenings and provides college readiness and support for high school juniors and seniors in the Lynn area. Juniors meet in small groups, and seniors are matched with a one-on-one mentor. Each group meets weekly, but students are encouraged to meet with their mentors more frequently, as needed.

## The GOAL

To increase college access and readiness for students and provide them with information, resources, tools and mentorship from the program coordinator and volunteer mentors in order to succeed throughout the college process and beyond.

## Some ACTIVITIES and BENEFITS
